

---

**Experience the growth.**

# Why do you need a PRM system?

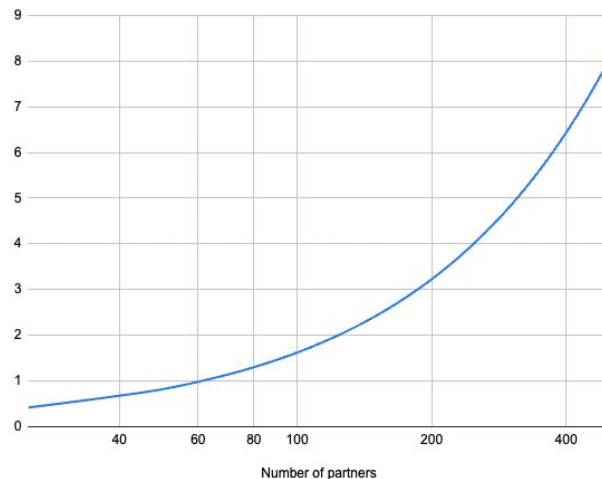

On average, **a Partnership Manager can actively nurture around 25 partners\***.

These select companies will thrive, while **the rest risk being overlooked, missing opportunities to boost your revenue.**

Your team's efforts are stretched thin across tasks like:

- . Prospecting
- . Onboarding
- . Communication
- . Reporting
- . Updates
- . Enablement
- . Partner management
- . Lead management
- . Commission management

Partnerplace delivers an equivalent of **an additional team member per 60 partners each month!**

*\*Research from multiple sources, including our own and our competitors, confirms this.*

---

Let your team **focus on building  
strong & fruitful relationships**  
and leave the daunting tasks to  
Partnerplace.

---

---

# What is Partnerplace?

**Partner Relationship Management (PRM)**  
platform tailored for the **SME/SMB** company.

Perfect for:

1. **IT Solution providers** (ecommerce platforms, ERP systems, MarTech solutions)
2. **IT service providers** (marketing, cybersecurity services, hosting providers, legal, payment systems)
3. **Agencies** (software-houses / UX/UI/ 360)

**Early adopters:**

**semcore**

**user.com**

**Recognition:**

---

Get new partners  
effortlessly.

Smoothly onboard  
new partners.

Keep everyone  
informed and  
up-to-date.

Expand and nurture  
your sales pipeline.

Engage and  
communicate  
effectively with  
partners.

Automate  
repetitive tasks for  
greater efficiency.

Educate partners  
with essential  
resources.

Seamlessly  
integrate with your  
existing tools.

---

Our promise to you is to deliver  
at least 1 new feature per  
month. All available to you at  
the flick of a switch.

---

---

## Currently we are working on (expected Q3):

Advanced reporting

Slack integration

Inbox / partner  
assistant

Partner prospecting

We prioritize new features based on:

- Customer feedback (each customer can submit new feature requests and vote on them)
- Potential time savings and task automation
- Enhancements to the customer and partner experience

---

# Pricing as elastic as our platform

- **Modular build** (you choose which features you need)
- **Early-adopter pricing** ( no long term commitments required / elastic approach)
- **Best TCO on the market** (4-10 times lower than competitors)
- Free “**Core**” version available (up to 25 partners)
